How does FERPA relate to your college application?

1. FERPA gives you the right to review confidential letters of recommendation under certain circumstances IF:
 - You are enrolled in college and that college saves the recommendations for enrolled students, OR
 - You are 18 or older.
2. In the application you'll be asked if you want to waive this right. Why would you want to do that?
 - Waiving your right lets colleges know that you do not intend to read your recommendations, which helps reassure colleges that the letters are candid and truthful.
 - Some recommenders may refuse to write a letter for you unless you waive your rights. Check with your counselor or teachers to see if any of them follow such a policy.
3. Still unsure how to respond?
 - That's OK. Many students are. Before you respond to the FERPA waiver question, take a moment to discuss your decision with your counselor, another school official, or your parent/legal guardian.
 - For more information on FERPA follow this link: <http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

Please do not add W-L teachers or Counselors directly to your Common App. It freezes your account and may take days to weeks for Common App to unfreeze your account. We have no control over it!
